

LOVELAND

Coming Together to Learn, Connect, & Engage

City of Loveland

This is your invitation to be part of **Loveland U** — *an interactive adult learning program* — where you will encounter a “behind the scenes look” at the Loveland community. Each session will analyze areas of community concern, provide opportunities for open dialogue among participants with diverse perspectives, examine leadership styles, and ultimately establish a new network of community trustees committed to the greater good.

Loveland U is an adult learning environment with practical exercises. Topics are related to real world experiences by identifying an issue, educating on how one might address it, and allowing teams of participants to apply their knowledge, with minimal lecture time.
